

Here are some guiding questions to consider when thinking about how the Family Advocates can help you and our scholars(s): 1. How can I support my student's education at home? 2. Where can I find food or clothing resources for my child? 3. How can I volunteer and help at FD Moon?

4. What events are coming up that the community can be involved with?

5. Where can I get some parenting resources so I can be a more effective and engaged parent?
