Parent Involvement Policy Spencer Elementary School 2018-2019

In acknowledgement of much reliable research proving that parental involvement raises the academic achievement of students. Spencer Elementary School encourages involvement of parents through an active Parent Volunteer Program and an active PTA.

In order to build an effective home-school partnership, Spencer Elementary will provide the following:

1. An annual orientation meeting where parents will meet their child's teacher and be reassured of their right and responsibility to be involved in their child's education.
2. A flexible number of meetings and activities throughout the year to assist parents in understanding the federal and state academic content and student achievement standards, as well as local academic assessments. Meetings will also focus on how parents and teachers can work together to monitor the child's progress in order to improve student achievement.
3. A varied schedule for meetings and conferences in order to accommodate the needs of parents.
4. A minimum of two scheduled parent conferences, where the progress of the student will be discussed as well as the expectations for the grade level, school curriculum, test information and any other concerns that the teacher or parent may have.
5. Continuous communication to assist parents in understanding the school curriculum and student achievement through the Spencer School Report Card, OKCPS Parent/Student Handbook, handouts and mailings and student achievement reports.
6. A school-parent compact outlines how parents, school staff, and students share the responsibility for improving learning.

Every effort will be made to communicate with parents in a format and language that is free of educational jargon and easily understandable by all. Parents and community members are always to be made welcome at Spencer Elementary.
