# Can Do Descriptors

## KEY USES EDITION

**Grades 6-8**

## The WIDA Can Do Descriptors, Key Uses Edition, Grades K–12

The WIDA Can Do Descriptors provide examples of what language learners **can do** at various stages of English language development in listening, speaking, reading and writing. The *WIDA Can Do Descriptors, Key Uses Edition* is one component of the WIDA Standards Framework (shown at right). The framework, as a whole, supports the implementation of the WIDA English Language Development Standards in the instruction and assessment of language learners. We encourage educators to use the *WIDA Can Do Descriptors, Key Uses Edition* in conjunction with the other components of the framework, along with the previous edition of the Can Do Descriptors. For more information on the WIDA Standards Framework, visit [www.wida.us](http://www.wida.us).

The *WIDA Can Do Descriptors, Key Uses Edition* provides examples of academic language use for four specific communicative purposes. These purposes, referred to as **Key Uses**, were identified based on reviews of literature and a language analysis of college and career readiness standards:

**Recount:** To display knowledge or narrate experiences or events. Example tasks for the Key Use of **Recount** include telling or summarizing stories, producing information reports, and sharing past experiences.

**Explain:** To clarify the “why” or the “how” of ideas, actions, or phenomena. Example tasks for the Key Use of **Explain** include describing life cycles, sharing why or how things work, stating causes and effects, and sharing results of experiments.

**Argue:** To persuade by making claims supported by evidence. Example tasks for the Key Use of **Argue** include stating preferences or opinions and constructing arguments with evidence.

**Discuss:** To interact with others to build meaning and share knowledge. Example tasks for the Key Use of **Discuss** include participating in small or large group activities and projects.

The *WIDA Can Do Descriptors, Key Uses Edition* and the example descriptors are not exhaustive but are meant to help guide the planning and conversation around meaningful participation of language learners in standards-based content curriculum, instruction, and assessment.

## Organization of the WIDA Can Do Descriptors, Key Uses Edition, Grades K–12

The *WIDA Can Do Descriptors, Key Uses Edition* is organized by grade-level bands (K, 1, 2–3, 4–5, 6–8, and 9–12) that correspond to those in ACCESS for ELLs 2.0. Within each grade-level band, the descriptors are organized by Key Use (Recount, Explain, Argue and Discuss) and within each Key Use, there are example descriptors for WIDA’s six levels of language proficiency (ELP Levels 1–6).

The descriptors in Level 6 represent the language performance of students who have met all the criteria for Level 5. Unlike the descriptors at Levels 1–5 that provide examples of performance at the end of the level, the descriptors at Level 6 are examples of performance within Level 6.

For three of the Key Uses (**Recount**, **Explain**, and **Argue**) you’ll see descriptors for the four language domains (Listening, Reading, Speaking, and Writing). The descriptors for the Key Use **Discuss** are only shown for oral language. The Key Use **Discuss** highlights the importance of oral language development for meaningful participation of all language learners, regardless of their level of language proficiency.

### Potential Uses for the WIDA Can Do Descriptors, Key Uses Edition

Audiences	The WIDA Can Do Descriptors, Key Uses Edition can help....
<b>Educators</b> who work with language learners, including coaches, teachers ( <i>e.g., general education, gifted and talented, special education, Title I</i> ), language specialists, and support staff.	<ul style="list-style-type: none"> <li>• Differentiate curriculum, instruction, and assessments designed in English based on language learners’ levels of English language proficiency</li> <li>• Collaborate and engage in instructional conversations about the academic success of language learners in English environments</li> <li>• Advocate for equitable access to content for language learners based on their level of language proficiency</li> </ul>
<b>Administrators</b> and school leaders	<ul style="list-style-type: none"> <li>• Communicate with other educators about students’ English language development</li> <li>• Support the WIDA Can Do Philosophy throughout schools and districts</li> <li>• Advocate for equitable access to content for language learners based on their level of language proficiency</li> </ul>

Stakeholders are encouraged to use the Can Do Descriptors beyond the audiences and purposes identified above to advocate on behalf of language learners.
