

STUDENT UNIFORMS

The Oklahoma City Board of Education requires the wearing of student uniforms for all schools within the District in order to promote and to maintain an orderly and safe learning environment, to eliminate distractions while at school so as to increase the focus on instruction, to minimize socio-economic differences so that all students are treated equally, and to encourage and to promote professional and responsible dress for all students. In recognition of the right of students to express themselves in the manner of dress, students have the right to choose their own grooming and clothing styles subject to the requirements of this policy. This policy does not apply to sites where District provides educational services to students pursuant to a contract for extended educational services or to any other sites where District personnel are not in control of the operation of the facility.

Generally, students should regard neatness and cleanliness in grooming and clothing as important. Dress or grooming which is in any way disruptive to the operation of the school will not be permitted.

Principals, in conjunction with sponsors, coaches, or other persons in charge of extracurricular activities, may regulate dress and grooming of students who participate in a particular activity if the principal reasonably believes that the student's dress or grooming creates a hazard, or may prevent, interfere with, or adversely affect the purpose, direction, or effort required for the activity to achieve its goals. Exceptions to the student uniform may be made to meet needs of specific classes such as extracurricular activities. Additionally, principals may designate days for students to wear particular attire in recognition of school-wide events such as 89er Day, Spirit Day, etc. and may provide for days when the student uniform shall not apply.

No student shall be denied attendance at school or be otherwise penalized for failing to wear clothing that complies with the school uniform if such failure is due to financial hardship. Any student who may not be able to comply with the school's uniform requirements should advise the principal that obtaining the required uniform will present a financial burden. Each school site shall develop procedures and criteria to offer to assist students who would have or are having difficulty complying with their school's uniform requirements due to financial hardships and shall develop a program to assist students in obtaining clothes which comply with the uniform. A school site may establish a trade or resale plan for re-usable uniforms either through a student organization or a parent organization as a fund raising mechanism. A school site may provide for donations of clothing or financial assistance, operate a clothing closet where extra uniforms are kept, or provide coupons for stores that sell or provide clothing that meets the requirements of this uniform policy. Each school is encouraged to accept donations from the community, businesses, PTA, and other supporters for the purpose of meeting the needs of students for assistance with the cost of uniforms.

Students who violate this policy may be subject to discipline in accordance with the District's Student Code of Conduct. Students enrolling in Oklahoma City Public Schools for the first time during the school year shall be granted a grace period up to twenty (20) school days before being required to comply with the required uniform.

The following guidelines apply to all students in District schools and apply to students while in attendance at school or school-sponsored events:

Each school site's building administrator shall provide to the Superintendent or the Superintendent's designee, the colors selected for that site's uniform. The Superintendent or the Superintendent's designee shall prepare and make available to the community an OKCPS School Color Chart which lists the schools and the designated colors for that site's uniform. Once a school site has selected the colors to be worn for that school's uniform, the colors may not be changed for three (3) school years. Only one parent/guardian shall have a vote, and only one vote per family regardless of the number of students attending the school. If a proposed change is approved by the Board of Education, the change shall not be effective until the beginning of the next school year.
