Mission

Every day at Emerson North Alternative High School we will provide all students a non-traditional setting where they will feel safe and secure to explore and learn at their own pace, invite our families and community partners to increase their opportunities to engage with our school, and value the relationship with our diverse community.

Vision

We believe every student, regardless of circumstance, holds the potential to learn and apply knowledge when the student is provided the opportunity and ability to recognize his or her inner strength and resilience.
