The NAACP, Local OKC Branch is in total support of naming the Administrative building, The Clara Luper Center for Educational Services, she was a pioneer not only in the Civil Rights Movement, but Ms. Luper was a motivational educator, this is an honor that she definitely deserves. She has touched the lives of many through education and a lack of fear when challenging and correcting an unjust system. We highly recommend the naming of the building.

Yours in the struggle,

Garland Pruitt, President, NAACP, Local OKC Branch
