Dear Oklahoma City Public School Students, Families, Prospective Parents, and Community:

Thank you for making my first year as superintendent of Oklahoma City Public Schools (OKCPS) a meaningful and positive experience; it has been wonderful to meet so many dedicated families, community members and staff who are ready to work together to improve student performance.

In order for all students to be successful, we must know each child by their name, strength, need, hopes and dreams; doing so allows us to connect students to their learning and make their school experience relevant. It takes involvement from our parents, commitment from our teachers and support from our community to ensure our district meets the needs of our students.

With this in mind, expect to see big changes from the district to authentically engage our community so we are working together as one—for all students. A newly developed Family Engagement Division will provide ongoing support, communication and training for the people who know our students best; our parents and guardians.

OKCPS has restructured the district’s academic department and added much needed curriculum support to improve classroom teaching, leadership at the principal level and support for our most struggling students. A renewed focus on advanced placement courses will provide rigor to students who are looking for more challenging courses. And we have added teachers, counseling support and building-level administrators to ensure student success.

“The Great Commitment” is a 5-year strategic plan that reflects the student performance expectations and goals of the community; this plan provides various opportunities for the community to use their time, talent and treasure to support the 46,000 students we serve. It is time this school district and community decide what is most important for our students and determine how to measure it; “The Great Commitment” provides us with that roadmap.

With a community-wide focus on improving the education we provide students and response to our families; we expect a cultural shift you will see, feel and hear about this school year.

If you have any questions, would like more information, or would like to learn more about how you can play a greater role in the success of Oklahoma City Public Schools, please do not hesitate to contact the district’s Community Relations Department at 405-587-0274.

Thank you,

Rob Neu
OKCPS Superintendent
Over 8 months, more than 1,200 students, parents, community members and district staff embarked on “The Great Conversation” to define what student success looks like for Oklahoma City Public Schools. Through our diverse voices, interests and commitment to student improvement; this community agreed we will define what is important, and we will measure it.

Consider this, the OKCPS 2015-2016 prekindergarten class will graduate from our schools in 2030 and enter college or careers; the commitments in this plan equip those students and others with the knowledge and skills needed to contribute and thrive in the Oklahoma City community, nation and world. This is our community-wide plan for student progress. These are our children, and they require a great commitment from all of us to work together as one for all students.

In Oklahoma City, we must work together to achieve great results for all students; the movement towards student growth begins with our commitment to high expectations. We are committed to year-to-year progress towards our aspiration of success for all students.

The Great Commitment defines our goals and measures for student success, our promise to turn good intentions into results for all students through purposeful action.

The Four Pillars define the capabilities district staff and the community must develop to reach the goals in The Great Commitment. From teachers to parents and business leaders; we all have a role in turning our school system around in order to reach our community-wide goals.

OKCPS teachers will use the strategies in the “Instructional Commitments” to drive continuous improvement of student learning through effective day-to-day classroom instruction. At the district-wide level, new organizational practices or “Signature Strategies” will be used to shift the support to schools and change the culture of the district. More than 200 OKCPS teachers, school leaders, and district personnel developed the teaching, leadership, and organizational practices needed to fulfill our commitment of success for all students.

OKCPS Celebrates

Urban Teacher Preparation Academy
The Urban Teacher Preparation Academy (UTPA) prepares pre-service teachers to better serve diverse students in high need Oklahoma City urban public schools. The program places selected upper-level education majors in Oklahoma City Public elementary, middle, and high schools for a yearlong student teaching experience.

This is followed by a two-year induction process that includes monthly specialized professional development opportunities and ongoing mentoring by specially trained OKCPS teachers and administrators.

Community Gardens
Through a partnership, OKC Harvest has committed to provide students with opportunities to learn how to plan, grow and maintain a community garden. Each garden is made possible by a donation of at least $3,500. Schools with gardens:

- OKCPS 2015-2016 Teacher of the Year

Coat-A-Kid
All children should feel valued, happy, and warm. Coat-A-Kid brings happiness and warmth to children living in need through the gift of a brand new winter coat. In 2014, OKCPS raised $101,000 to purchase and provide more than 5,000 new winter coats for elementary students in need. As long as students are without a warm winter coat, OKCPS will stand ready to help answer the need. In 2015, OKCPS hopes to raise more than $140,000 and purchase more than 7,000 new coats for students in need.

School Nutrition Services Launch Free Lunch Initiative

SAFETY

SAFETY GUIDELINES

Safety awareness and the prevention of accidents are important goals of each school. Here are a few tips to help keep students safe.

- Students should not arrive at school until supervision is available.
- Elementary - no more than 20 minutes before the first school bell.
- Secondary - no more than 35 minutes before the first school bell.
- Walk on sidewalks. If there is no sidewalk, walk on the left side of the road facing oncoming traffic.
- Cross only at intersections where crossing guards, stop signs, or traffic signals are present.
- Do not approach or enter strange automobiles. Invitations to do so should be reported immediately, at home and at school.
- Be considerate of smaller children.

- Remain on the school grounds while school is in session.
- Do not attempt to run or walk across busy streets and highways.

CROSSING GUARDS are stationed at hazardous inter- sections as assigned by the Oklahoma City Traffic Control Division and the Oklahoma City Police Department. Crossing guards are normally on duty 30 minutes before and after school. Parents are asked to stress the importance of cooperating with the school safety crossing guards.

EMERGENCY CARE

Please partner with us to be certain the school is able to contact parents whenever their students become ill or suffer an accident. Contact the school office any time phone numbers change. The school should have at least four numbers of persons to contact in case of emergencies. While the nurse or designated person will provide immediate first aid, the next step is to contact the parent. EMSA or other emergency medical services may be called if immediate medical attention is needed. Expenses for emergency care will be directed to the parents.

EMERGENCY DRILLS

Each school site will practice emergency drills regularly including Fire Evacuation Drills, Inclement Weather Drills, and several types of Security Drills, including armed intruder and lockdown. OKCPS exceeds the number of practice drills required by federal and state standards.

EMERGENCY RESPONSE & CRISIS MANAGEMENT

The district works with the Office of Emergency Management to develop each school’s individual Emergency Operations Plan. In case of the need to evacuate the school campus, your student will be taken to an alternate location. Listen for AlertNow messages for information and parent instructions.

PHYSICAL CONTACT

In certain situations, school employees may make necessary body contact with students in incidences such as: administering first aid, breaking up fights, protecting themselves from physical attacks, addressing emergencies, developing physical skills through coaching, employing passive restraint to behaviorally disruptive students to protect them and others from harm, and other actions deemed necessary to gain control of a situation.

SAFE-SCHOOLS HOTLINE

OKCPS Safe-Schools Hotline is a hotline for students, parents, teachers, neighbors and anyone concerned about the safety of our local schools. Calls can be made anonymously or confidentially. Call the number below or log on through www.OKCPS.org to report information to the hotline when you know of any activity threatening you, another student, or your school. School and district personnel are notified immediately when your incident is submitted and your case will be investigated and appropriate action taken.

Report an incident, threat, or other information at OKCPS Safe-Schools Hotline:

(405) 587-STOP

or go to www.OKCPS.org and select the 587-STOP Tab

Other reports that can be made utilizing this number or website include incidents of Assault, Bullying, Bus Incident, Cyber-bullying, Drugs/Alcohol, Parent Complaint; Possession of Weapons, School Vandalism, Self Harm or Suicidal Ideation, Suspected Abuse/Safety Concerns, Suspension Appeal, Threats of Violence and Truancy.

SCHOOL VISITORS

All visitors report directly to the office when they arrive on school grounds and may be required to identify themselves before entering the building and interacting with children. Upon clearance, each person will receive a visitor’s badge to be worn in a manner that is visible while on school property.

Visitors who are not authorized to be on school property on a daily basis, including students suspended from school and students from other campuses, are trespassing unless they have been cleared through the office.

STUDENT INSURANCE

Parents are responsible for providing students with health or accident insurance. The Oklahoma City Public School District does not provide student insurance.

STUDENT PICK-UP & EARLY RELEASE

Students are released during school hours only to authorized persons. The custodial parent/guardian must notify the school of restrictions related to the release of a child and provide supporting documentation when appropriate. Photo identification is required for release. Early pick up of students is reserved for emergencies and occasional doctor appointments. Early pick up on a daily basis is not permitted. Students may not be checked out during a school wide lock down.

STUDENT WELFARE - CHILD ABUSE & NEGLECT

If you believe a child is being abused or neglected, you have a legal responsibility to report it. Reports can be made at any time to:

OKDHS Abuse & Neglect Hotline

1-800-522-3511.

Available 24 hours a day, 7 days a week.

ATTENDANCE

Students between the ages of five and twenty-one who reside within the district should be enrolled in an Oklahoma City Public School site unless they have a high school diploma. Parents are responsible for their children’s attendance and, by law, can be fined when a child is not in attendance. Regular attendance is critical to academic success. Children are only considered present when they are in the classroom or when participating in a scheduled school activity under faculty supervision. All absences are recorded on the child’s attendance record, regardless of whether the absence is excused or unexcused.

ABSENCES

The OKCPS District believes that in order for students to realize their full potential from educational efforts, every effort is needed for them to attend all classes. Parents, please contact the school, preferably by 10 a.m., to verify the reason for a student absence.

The OKCPS district policy requires students to be in attendance for at least 88 percent of school days in order to receive credit for courses in which the student is enrolled and completes with a passing grade. As allowed by law, students may also receive credit for courses in which grades of 90 percent or higher.

- Excused absences include illness or injury; doctor or dental appointments; bereavement; serious illness or emergency in immediate family; and school bus not running. Submit documentation to the school office to support absence being excused.
- Unexcused absences include trips out of town, traffic issues, car trouble, waking up late, etc.

ACTIVITY ABSENCES

A maximum of 10 days of activity absences per semester from a class for school activities is permitted. Students may choose not to take part in an activity when they feel the number of activity absences will be excessive.

Students will not be reprimanded or punished for missing the activity. Schools closely monitor activity absences to maintain compliance with Oklahoma Secondary School Activities Association (OSSAA).

CLASS MAKE-UP WORK POLICY

It is the student’s responsibility to request any missed class work, regardless of whether the absence is excused. Missed work is due within 5 school days of the absence, unless other arrangements are made. If the student fails to turn in the make-up work within five days, student will receive a zero for the assignments.
Students are to be in class on time. Students who enter the classroom after the official start time of class are counted tardy. Elementary students who are one or more hours late or picked up one or more hours early are counted absent for the day. Secondary students who enter any class more than 15 minutes later are absent for the period.

TRUANCY

Oklahoma school law holds the parent responsible for a student’s attendance in school. A student is considered truant when absent from the classroom without the consent of the school or the parent.

When a student has ten or more full-day or half-day unexcused absences within a semester, the attendance office will inform the parents that they are not in compliance with state attendance laws and notify the district attorney for Oklahoma County. Parents can be fined for each day the child is truant from school.

Students between the ages of 12 and 17 may be cited by police officers for non-attendance in compliance with Oklahoma City municipal ordinances. The first conviction carries a fine of $50, the second is a fine of $100, and the third and additional convictions are $150 each. For additional ordinance information, visit this site http://goo.gl/lq5odos.

For more information, contact the Student Support Services Truancy office at 587-0028.

SUSPENDED STUDENTS may return to a regular class- room setting upon completion of their suspension. Refer to School Board Policies located at the Board tab at www.OKCPS.org for further details.

BICYCLE RULES

Students in grades 3-12 may ride bicycles to and from school but may not ride bikes on the school campus. When students arrive at school, they walk bicycles to the designated parking area and lock the bicycles to prevent theft. Bicycles remain parked until school is dismissed for the day and students walk bicycles are off school grounds. Bicycle safety includes following traffic laws and maintaining bicycle equipment. The school and district are not responsible for replacement of lost, stolen, or damaged bicycles.

BULLYING, HARASSMENT, AND DISCRIMINATION

District policy prohibits and does not tolerate bullying, harassment, or discrimination based on race, color, national origin, sex, disability, age, religion, sexual orientation, genetic information, alienage, veteran, parental, family and marital status or for any other reason. Bullying fosters a climate of fear and disrespect that can seriously impair the physical and psychological health of its victims and create conditions that negatively impact the ability of students to achieve their full potential. Behaviors that place another student or group of students in fear of harm, or insult or demean any student or group of students will not be permitted. Bullying behaviors are prohibited on school premises, at school-sponsored or related activities, events or functions, or anywhere that students are under the supervision of school personnel.

Bullying is not considered normal conflict. Normal conflict occurs between students with equal power. Normal conflict happens occasionally, may be accidental, is not serious, results in an equal emotional reaction, student(s) are not seeking power or attention, student(s) are not trying to get something, student(s) usually show remorse and state they are sorry, and student(s) make an effort to solve their conflict. Bullying is defined as intentional, repeated hurtful acts, where an imbalance of power is present. The perpetrator may be attempting to gain power, material things, or gain popularity. Bullying may include, but is not limited to words or other behavior, such as name calling, threatening and/or shunning, starting rumors, and may be committed by one or more children against another. Bullying may be physical, verbal, emotional, social, sexual, or by electronic communication.

- Physical bullying includes, but is not limited to, punching, poking, straing, hair pulling, beating, biting and excessive tickling.
- Verbal bullying includes, but is not limited to, hurtful name calling, teasing and gossiping.
- Emotional bullying includes, but is not limited to, rejecting, terrorizing, exorting, defaming, humiliating, blackmailing, rating/ranking of personal characteristics such as race, disability, ethnicity, manipulating friendships, isolating, ostracizing and peer pressure.
- Social bullying includes harm to another’s group acceptance, including but not limited to, harm resulting from intentional gossiping about another student or intentionally spreading negative rumors about another student that result in the victim being excluded from a school activity or student group.
- Cyberbullying includes, but is not limited to, any written, verbal or pictorial information by means of an electronic device such as a telephone, a cell telephone or wireless telecommunication device or computer. Electronic communications include, but may be limited to, communications made through social media, email, or other online forums.

- Sexual bullying includes any unwelcome sexual advances, but is not limited to, sexual exhibitionism (attracting attention to yourself), voyeurism (taking, making, or disseminating a visual record of another person), sexual contact to which the other person has not consented (to be private), sexual propositioning, sexual harassment, physical contact, and sexual assault.
- Sexual advances may include, but are not limited to, requests for sexual acts or favors, with or without accompanying promises, threats, or reciprocal favors or actions, or other verbal or physical conduct of a sexual nature including, but not limited to: sexual or suggestive comments, off-color language or jokes of a sexual nature, gestures, slurs and other hostile, graphic or physical conduct relating to an individual’s sex; or any display of sexually explicit pictures, greeting cards, articles, books, magazines, photos, cartoons, or electronic communication devices which adversely affect a student’s performance. Victims shall be referred to the school counselor or principal. Perpetrators may be reported to the police.

Any student or group of students, who have been the victim of discriminatory harassment based on race, color, national origin, sex, disability, age, religion, sexual orientation, genetic information, alienage, veteran, parental, family and marital status or for any other reason, must immediately report the incident to a district administrator or the district’s safe schools hotline at 587-STOP. If the incident is not resolved at the building level, the student may file a discrimination complaint with:

DRESS CODE/PERSONAL APPEARANCE

Per School Board Policy, all OKCPS students wear school uniforms in order to:

- promote an orderly and safe learning environment
- eliminate distractions and increase the focus on instruction
- minimize socio-economic differences
- encourage the practice of professional and responsible dress.

Students have the right to choose their own grooming and clothing styles subject to the requirements of this policy. This policy does not apply to sites where the District contracts to provide extended educational services or for which District personnel are not directly responsible for management of the facility.

Generally, students should regard neatness and cleanliness in grooming and clothing as important. Personal dress or grooming perceived to disturb the operation of the school will be addressed by school personnel.

Principals, in conjunction with sponsors, coaches, or other persons in charge of extracurricular activities, may establish and enforce rules and regulations governing personal dress or grooming that are reasonable in light of the school’s educational program and may be necessary to support the educational program. The principal may reasonably believe that the student’s dress or grooming creates a hazard, or may prevent, interfere with, or adversely affect the purpose, direction, or effort required for the activity. Exceptions to the student uniform may be made to meet needs of specific classes when such exceptions result in a more orderly and safe learning environment, or are in the best interest of the students.

No student will be penalized for failing to wear the school uniform due to financial hardship. The school or parent will share with a trusted school adult if obtaining the required uniform presents a financial burden. Each school seeks to assist students experiencing financial hardship in meeting uniform requirements. Assistance may be in various forms: recycle uniforms through trade or resell through a student or parent organization as a fund raising project, accept donations of clothing or financial assistance from the community, businesses, PTA, and other supporters, operate a clothing closet of available uniforms, or provide coupons for stores that sell or provide clothing meeting the uniform policy.

Students who refuse to follow the school uniform policy may be subject to consequences in accordance with the District’s Student Code of Conduct.

Students enrolling in OKCPS for the first time during the school year shall be granted a grace period up to 20 school days before being required to comply with the required uniform policy. In exercising their rights, students are expected to avoid interrupting the educational process or causing an unsafe environment for other students. The collection of signatures is only permitted before school, during lunch, and after school.

SCHOOL PROPERTY
- Students are responsible for the proper use and care of school property such as textbooks, library books, desks, uniforms, and equipment. The parent of a student is responsible for the replacement or repair of damaged school property when it is determined that the damage was committed by the student as a result of the student’s negligence. Failure to meet financial obligations may result in the withholding of student records from a third party, such as an employer, a university, or a college.

Failure to follow rules or regulations could result in loss of the privilege to park a vehicle at school. Middle school students are not permitted to drive motor vehicles to school. The school has the authority to conduct routine patrols. When school authority has a reasonable suspicion that illegal or unauthorized materials may be in the vehicle, the school may also inspect the interior of student-driven vehicles parked on school property. Patrols and inspections may be conducted at any time without notice, consent or a search warrant.

SUICIDE PREVENTION, INTERVENTION, AND POSTVENTION
- When OKCPS students become concerned that they or fellow students are at risk of self-harm or expressing suicidal thoughts, they may:
  - seek out a trusted adult in the school whom they report their concerns during the school day or during after-school events
  - call 587-STOP to report their concerns at any time
  - call the Suicide Prevention Hotline number, 1-800-273-8255 (for live assistance).
The primary goal of OKCPS is to establish a framework for academics. Each discipline is represented by instructional programs designed to meet student needs and all areas of development: social and emotional, physical, language and literacy, and intellectual. Please see scale below.

**STUDENT CODE OF CONDUCT**

The Student Code of Conduct is provided as a separate document for parents and students and is also available on the district's home page at www.OKCPS.org. Current forms used by the schools to document student conduct are linked to the Student Services page of www.OKCPS.org.

**DUE PROCESS**

Due process is provided to students when they are involved in a discipline incident and before assignment of disciplinary consequences. Due process includes:

- Teacher or administrator conversation with student immediately following the misconduct.
- Student given the opportunity to write or tell his or her version of events.
- Teacher or administrator providing written notice of the misconduct the student is accused of committing.
- When a student faces an out-of-school suspension of more than 10 days, an evidentiary hearing before an impartial administrator to determine if the evidence supports the disciplinary action.

**ACADEMICS**

**STUDENT EVALUATION**

OKCPS provides an instructional program which enables all students to learn. High priority is given to learning experiences which serve as a foundation for a child's total development (reading, writing, computing, etc.), as well as the stimulation of intellectual curiosity, critical thinking, problem solving abilities and aesthetic appreciation.

The Board believes that grades and grading practices should be administered in a fair, equitable and consistent manner. The evaluation of student progress is based upon student evaluation and grades are based on daily classroom performance, homework, classroom tests, assessments of Oklahoma Academic Standards, attendance and other required activities and projects. The district rounds all students' grades to the nearest full numerical grade value. Students who do not meet course standards receive "NG" (No Grade), "NC" (No Credit), or "I" (Incomplete) until all requirements are met, preferably by the end of the subsequent quarter.

Students only receive credit for a high school courses they complete with a passing grade. Students who do not satisfactorily complete a course do not receive credit.

Parents are to receive formal notification when their child does not meet requirements to receive a passing grade. Such notification should be sent no later than two weeks before the grading period ends.

**GRADEBOOK ACCESS TO SMARTWEB FOR PARENTS**

SmartWeb allows parents online access to track student attendance, grades, assignments, and homework information throughout the school year. To register for access, parents/guardians contact the school with the child's school identification number to receive a registration code.

Visit www.OKCPS.org, click the Parent/Student link on the right side of the home page, then click the link for SmartWeb gradebook.

**GRADING SYSTEM**

For questions regarding student grading, promotion, or retention, contact your school or the appropriate Administrative Offices.

**HIGH SCHOOL CREDIT SYSTEM (9-12)**

Students earn credits at the high school level. Students will earn a grade of A, B, C, D or F depending on the level of demonstrated competency for courses that meet a minimum of 65 hours during the semester. Students are classified as Freshmen, Sophomores, Juniors or Seniors based on the number of credits earned. Minimum credits required for each classification:

- Grade 10: 4 units or 8 credits
- Grade 11: 10 units or 20 credits
- Grade 12: Senior
  - 16 units or 32 credits

**ACADEMIC COMPETITIONS**

District students participate in a variety of academic competitions that help develop creativity, teamwork, critical thinking, and competitive spirit. For information about these competitions, contact your school's principal.

**ACADEMIC RECOGNITION & HONOR ROLL**

Students will be recognized for academic success for various honor rolls. Honor Roll recognition is based on the student Grade Point Average (GPA).

- Superintendent's Honor Roll: Students must have a GPA of 4.0 or higher.
- Principal’s Honor Roll: Student must have a GPA of at least 3.5 with no semester letter grades of C or lower.
- Honor Roll: Student must have a GPA of at least 3.5 with no more than one semester letter grade of C or lower.

**LIBRARY MEDIA CENTERS**

Each school has its own library media center. Our school libraries are more than books. They are 21st century learning centers with a full range of print and electronic resources that support student achievement. These resources include books, eBooks, magazines, videotapes, DVDs, computers, databases, and much more. School library media specialists teach information skills that students need to learn and achieve for a lifetime.

**BLOCK EIGHT SCHEDULING**

Classen School of Advanced Studies and Northeast Academy for Health Sciences and Engineering follow the BLOCK EIGHT scheduling system which requires students to take eight academic courses per semester. Students study subjects in 80- to 90-minute classroom periods and can earn 8 units or per year.

All other high schools schedule a seven period day. This requires that students take seven courses per year. Classroom periods are approximately 45 minutes long. Students can earn 7 units (14 credits) per year. A minimum of 23 units (46 credits) is required to graduate from high school.
Utilize safe and reliable websites by clicking WebPath Express. For more information, ask your school library media specialist for log-ins and passwords to connect to Book World Online and EBSCOhost (magazines and journals) plus other online resources.

OKCPS patrons including students, teachers, and parents, can access our school libraries over the internet from any computer:

- Go to http://destiny.OKCPS.org.
- Click on school library.
- Click on Library Search - Search in the catalog for eBooks and print books. You can read eBooks immediately online!

PROFICIENCY TESTING

Students can move forward by subject, course or grade level based upon mastery of the Oklahoma Academic Standards with a score at least 90 percent on the proficiency test. Grade level tests are available for grades 1-8. Course tests are available for grades 9-12. Interested students are asked to contact the school principal for more information, or call the office of Educational Assessment at (405) 297-6776.

college preparatory curriculum
determine their current level of proficiency in the basic areas of reading. In OKCPS, this screener is used in August, December, and May to determine current levels of proficiency and future levels of risk.

In addition to providing this screener three times per year, OKCPS teachers utilize progress monitoring throughout the year to determine the extent to which instruction and intervention are meeting the student’s needs.

2. Clear, Consistent Parent Communication

The Reading Sufficiency Act places great attention on parent communication. In order to improve our communication with parents, OKCPS has implemented two key changes:

- Every student is provided with an Academic Progress Plan (APP). This plan is specifically designed for each individual student. It indicates the student’s most recent academic data, the instructional strategies provided by the school, and the supports requested to be provided at home.
- Every student’s academic documentation is organized in an Academic Progress Folder. Most often this is simply referred to as “the green folder.” This folder should be present at each parent meeting. It includes the APP, graphs and detailed reports from district screeners and benchmark assessments. Also included are the student’s writing samples and tutoring attendance records.

The APP and green folder are currently provided in grades K-5. These tools provide parents with consistency in student data grade-to-grade and school-to-school.

3. Increased Time and Improved Literacy Instruction

The Reading Sufficiency Act requires that specific amounts of time be reserved every day for literacy instruction. Every student in grades K-6 receives 90 minutes of core reading instruction. During this time, instruction is designed to help students master the reading skills required for their grade level.

In addition to the 90 minutes of core instruction, students who are behind in reading receive an additional 30 minutes of targeted intervention. This extra support is designed to fill gaps in the student’s understanding of the reading process. An additional 30 minutes is reserved for students who have the most difficulty learning to read. These students are missing significant foundational reading skills and this time is dedicated to building that foundation. This additional time brings these students up to 150 minutes of reading instruction every day.

4. Student Qualification for Promotion into Fourth Grade

In order to ensure that we do not continue to send students who struggle into intermediate grades, the Reading Sufficiency Act requires that all Oklahoma students qualify for promotion into 4th grade. The effective implementation of the first three RSA requirements (listed above), beginning in Kindergarten, will bring a significant drop in the number of students who still struggle in reading by the end of third grade.

There are four methods though which students may qualify for promotion into fourth grade. Each method is described in the following section:

1. Proficiency Demonstrated through a Reading Screener

Any student who demonstrates proficiency in reading at the third-grade level through a screening in instrument approved by SDE is qualified for promotion. A student who scores at or above the 40th percentile nationally on the third grade screener has satisfied the requirements of the Reading Sufficiency Act for promotion to fourth grade.

2. Score of Limited Knowledge (or higher) on the Reading Comprehension and Vocabulary portion of the OCCT

A student who scores at the “limited knowledge” level or higher on the Reading Comprehension and Vocabulary portion of the OCCT qualifies for promotion to the fourth grade.

3. Good-Cause Exemption

Some third graders who score Unsatisfactory on the Reading OCCT will be exempted from the retention requirements and promoted to fourth grade. This is called a good-cause exemption. Good-Cause exemptions are only given to the following students:

- Students who are identified as English Language Learners (ELL), have a Language Instructional Educational Plan in place prior to the OCCT, and have less than two years of instruction in an ELL program
- Students with disabilities whose Individualized Education Plan (IEP) states that the student is to be assessed with alternate achievement standards through OAAAP
- Students who demonstrate an acceptable level of performance (minimum of 45th percentile) on an alternative standardized reading assessment approved by the State Department of Education
- Students who demonstrate through a student portfolio, mastery (beyond the retention level) of the third grade state standards for reading and evidence of reading on grade level or higher
- Students with disabilities who take the OCCT and who have an Individualized Education Plan (IEP); who have received intensive remediation in reading for more than two years; and were previously retained or in a transitional grade during pre-kindergarten, kindergarten, first, second, or third grade
- Students who have received intensive remediation in reading through a program of reading instruction for two or more years and who were previously retained or in a transitional class during pre-kindergarten, kindergarten, first, second, or third grade for a total of two years
- Students who have been granted an exemption for medical emergencies by the State Department of Education.

4. Conference-Based Promotion

A student not otherwise qualified for promotion may be evaluated for “probationary promotion” by the Academic Team. The student’s Academic Team is composed of:

- The student’s parent(s) and/or guardian(s)
- The student’s primary reading teacher
- A certified reading specialist
- The school principal
- The student

The student will be promoted to the fourth grade if the Academic Team members unanimously recommend “probationary promotion.”

If a student is approved for “probationary promotion,” the team will continue to review the reading performance of the student and determine grade-level placement each academic year until the student demonstrates grade-level reading proficiency for their current grade. The complete law and requirements are available at http://ok.gov/sde/reading-sufficiency

RETENTION APPEAL

Any parent or guardian, who is dissatisfied with the decision to retain a child, may appeal the decision by contacting the Director within three working days of the school’s decision. A decision will be rendered within ten working days. Parents who are dissatisfied with the Director’s decision should contact the Clerk of the Board of Education at 587-0444 for information about a district-level appeal.

ATHLETICS

Oklahoma City Public Schools has a rich history in athletics. We are very proud of the championships that our teams have accumulated throughout the years with hard work, dedication, and teamwork. We embrace the winning tradition that has been set before us and are dedicated to building upon the Oklahoma City Public Schools athletic tradition of success.

OKCPS focuses on teamwork, character building, academic excellence, commitment, and building relationships that will last a lifetime. We love winning and celebrating victories but the pride of our district is providing the very best for our student athletes, challenging them in academics and athletics, and supporting the mission of our schools and district. Please contact the OKCPS Athletic Department at 587-0049 with questions or concerns.

ELIGIBILITY FOR EXTRACURRICULAR AND CO-CURRICULAR ACTIVITIES

For a student to be eligible to represent their school and participate in a competitive or noncompetitive activity, the student will:

1. Be enrolled in or have been enrolled in a course related to the activity when such activity will cause the student to miss class work during the regular school day.
2. Maintain a “C” average in the previous semester and passing grades in all classes in the current semester. Students who attend summer school may apply one course grade or credit to the preceding semester grade point average and course credits to increase eligibility in the Fall semester.

A principal may determine any student who is the subject of disciplinary action, or whose conduct or character is such as to reflect discredit upon the school is not eligible to participate in events. Students who are suspended are not eligible to participate in extracurricular or co-curricular activities until their suspension is complete. Extracurricular activities are a privilege and may be revoked for on-campus and off-campus misconduct.

To participate in athletics, a student will have on file proof of a physical examination, parental consent and insurance information or an insurance waiver.

A student who has established athletic eligibility at one school and transfers to another school will not be considered eligible to participate in athletics for a period of one year.
High Schools in OKCPS have an active JROTC program. Students enroll in a course during regular school hours, but also participate in many out-of-classroom activities. Students learn the basics in military history, government, technology awareness, and current events. The main focus is developing leadership skills; as well as study and test-taking skills, job interview preparation, and first aid. Selected students also attend a summer leadership camp.

**EMERSON HIGH SCHOOL**

Some high school students need special, individualized programs to complete their education. Emerson Secondary School was developed for these students. The entry withdrawal, class size and scheduling of students in the Emerson Secondary School is designed to be flexible in order to meet the individual needs of students. There are two separate programs at Emerson.

**Metro Program** is a part of the Emerson complex. Emerson offers a flexible schedule allowing for morning/afternoon/or an all-day attendance depending on the needs of the student. This program is for students who prefer an alternative setting modified to better meet their educational needs. Students are referred to this program for a variety of reasons. This program consists of students who are recovered dropouts desiring to complete their high school requirements; students who are referred for credit recovery issues; students with a history of attendance issues; students who feel the need for a smaller setting allowing for more individual instruction; and students who may have minor disciplinary infractions. Students can receive work study units, which are applied toward graduation units.

**The Outreach Program** is another component of the Emerson Complex. The Outreach Program is designed to meet the needs of parenting/pregnant females who wish to complete their graduation requirements in a supportive, understanding, and caring atmosphere. Emerson Outreach offers flexible scheduling to allow for morning/afternoon/or an all-day attendance depending on the needs of the student. A certified daycare is on-site accessible to students in this program.

Emerson High School graduates meet Oklahoma State Department of Education Graduation Requirements for both Core and College Preparatory curriculum. These requirements are used for all programs under the Emerson Umbrella: Outreach, Metro, and Metro Career Academy. Questions about any of these programs should be directed to Emerson School at (405) 232-5273.

**EVENING HIGH SCHOOL**

Students in grades 9-12 may earn credits/units toward their graduation in the accredited evening program. Before enrolling in evening classes, students must confer with a high school counselor. Students wanting to attend must have written approval from their home school counselor before enrolling. Call 231-2053 for more information.

**PROGRAMS**

**EARLY BIRDS**

Early Birds is a research-based, practical program that helps parents prepare their children for school success. This unique family-based, school readiness program arms parents with information, activities and materials to use with their young children. As children’s first teachers, parents/guardians are charged with preparing their children to enter kindergarten ready to learn. Early Birds provides tools and training for parents and legal guardians of children from birth to age five through parenting classes at OKCPS schools. Professional child care is provided. For more information, please contact 587-0422.

**FEDERAL PROGRAMS – TITLE I**

The Title I program is a part of the Elementary and Secondary Education Act (ESEA) passed in 1965. The program is administered by the United States Department of Education (USDE). Funding is distributed to school districts and schools with a high percentage of students from low-income families. Title I funds are focused primarily on increasing student achievement in reading and mathematics by providing additional materials, services or staff members. More information is available by contacting the Title I office at 587-0160.

**GEAR UP FOR THE PROMISE**

**ACCEPTABLE USE POLICY (AUP)**

**STUDENT COMPUTER AND NETWORK ACCESS WIRELESS DEVICES**

Computer and Network access is a privilege provided for District students and staff for the sole purpose of facilitating resource sharing and communication. Students are to only use these services for legitimate educational purposes under the supervision of school personnel. Students are provided login information with an individual user name or ID and password that is computer generated to access the computer network. Students are not to share, reveal, or disclose login information with anyone. Students are required to log out when finished accessing the network.

The District is not responsible for the misuse of online services. Such misuse includes, but is not limited to: obtaining inappropriate or sexually explicit material, illegal copying or installation of software, using another’s password, producing, copying, or attempting to introduce any computer code designed to self-replicate, damage, or destroy a computer’s memory, cause a virus, or otherwise hinder computer performance. Students found guilty of such behaviors are subject to the loss of computer privileges and action as stated in the Student Code of Conduct guidelines. It will not be a defense to any disciplinary consequence for a student to say someone else used their account, or the student forgot to log out.

For reasons of health and safety, school staff may periodically monitor each student’s use of the network resources to insure that the system is being used in accordance with district policy. Students who lose their individual computer or network privilege will still be required to complete any district or state online testing. Please contact your school’s office or the district technology IT Services helpdesk at 587-4357 with further questions.

Students may possess a wireless telecommunications device while on school premises, or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school. Use of such wireless communication devices by students during the instructional day for educational purposes only is at the teacher’s discretion. The instructional day shall be defined as including all times when classes are being conducted and during any non-instructional time during which wireless telecommunication devices include, but are not limited to, cellular and digital telephones, two-way radios, personal digital assistants, and smartphones. Wireless telecommunication devices do not include amplification systems utilized in classrooms or in school buildings.

Students found to be using any electronic communications device for any illegal purpose, cyber-bullying, threatening others, violating privacy, or to in any way send or receive personal messages, photos, data, or information that would contribute to or constitute cheating on tests or exams shall be subject to discipline and the device shall be confiscated and will be returned to the parent during a parent conference. Students violating this rule will be disciplined according to the provisions of the discipline code following the incident unless a bona fide health emergency exists. Where appropriate, police authorities may be contacted. OKCPS is not responsible for personal wireless telecommunications devices.

1. Introduction

Computer network resources, provided by the Oklahoma City Public Schools, enable communication with electronic communities around the world. These computer network resources include Internet, e-mail, the student enterprise system, and the business enterprise systems. The use of these electronic resources shall be consistent with the purpose, mission, and goals of the Oklahoma City Public Schools and used only for the educational and professional purposes for which students are enrolled. Personal use of these services is to facilitate access to information and resources, promote educational excellence, and enhance communication between schools, offices, regional education service centers, and other worldwide educational entities.

The Internet is a network connecting thousands of computers throughout the world. The Internet can bring a wealth of educational material to the classroom, but may also contain material that is objectionable. The Oklahoma City Public Schools has a filtering system in place. consider this in deciding whether to permit their children access to the District’s computer network resources.

This Acceptable Use Policy (AUP) is provided so that staff, students, and members of the community using the District’s computer network resources are aware of their responsibilities. The use of these network resources is a privilege, not a right. Any violation of these policies will result in the loss of network privileges as well as possible disciplinary action.

2. Access to District Network Resources
   • All employees must sign an Acceptable Use Policy agreement when hired and on a yearly basis before access is granted to the District’s computer network resources. If an employee objects to signing an AUP, they will not be allowed on the district network which could affect their employment status.
   • Staff, students, and members of the community may be given access to the District’s computer network resources. This access, including account and password, must not be shared, assigned, or transferred to another individual.
   • Access to the District’s computer network resources may be suspended or terminated if terms and conditions of this AUP are violated. Prior to a termination of access to the District’s computer network resources, the user will be informed of the suspected violation and given an opportunity to present an explanation. The user may request a request for hearing with an appointed hearing officer within seven (7) days of notification if the user feels that such action is unjust. After the review, access may be terminated if the hearing officer denies the appeal as well as disciplinary consequences deemed appropriate by the school administrator.

3. System Security
   • Computer users may not run applications or files that create a security risk to the District’s computer network resources. If an employee objects to signing an AUP, they will not be allowed on the district network which could affect their employment status.
   • Any user deemed to be a security risk, or discovered to have a proven history of problems with other computer networks, may be denied access to the District’s computer network resources.
   • Users should immediately notify Information Technology if they believe that someone has obtained unauthorized access to their private account.

4. Respecting Resources
   • Staff, students, and community members will not post chain letters or engage in spamming. Spamming is sending unsolicited “junk” messages to a large number of people, or sending a large number of messages to a single person, with the intent of annoying users or to interrupt the system.
   • The system administrators reserve the right to set a limit on disk storage for network users as well as bandwidth and other connections from outside hosts that send unsolicited, mass or commercial messages, or messages that appear to contain viruses.
   • Advertising will be permitted on the District’s computer network resources with the prior approval of the appropriate administrator.

5. Illegal Activities
   • The District will cooperate fully with local, state, or federal officials in any investigation related to illegal activities that blatantly corrupt the educational value of computers or instances that violate the law.
   • Attempting to gain unauthorized access to the District’s network resources or go beyond authorized access is prohibited. This includes attempting to log in through another person’s account or accessing another person’s files.
   • Vandalism will result in cancellation of privileges to the District’s computer network resources. Vandalism is defined as any malicious attempt to harm or destroy data or equipment on any computer network.
   • It is prohibited to use the District’s computer network resources with the intent of denying others access to the system.

6. Intellectual Property (Copyright)
   • No copyrighted material is to be placed on the District’s computer network resources without written permission from the copyright owner.
   • Any material placed on the District’s network or web pages by an employee, with the use of district or personnel technology will become property of the District unless permission to keep Intellectual Property rights is granted in writing by the employee’s supervisor or the Information Technology Department.
   • All users of the District’s network resources must agree not to submit, publish, or display any type of material that violates this AUP.

7. Software
   • Only software approved (certified) by the Information Technology’s Technology Purchase Committee and proof of valid software license(s) can be used on District computer systems including freeware, shareware and beta/test software.

   • Abusive messages are prohibited.
   • Harassment is unacceptable and prohibited. Harassment is conduct, which is sufficiently severe, persistent, or pervasive that it adversely affects, or has the potential to result in an adverse impact on, a person’s ability to participate in or benefit from the District’s educational programs.
   • Vandalism will result in cancellation of privileges to the District’s computer network resources. Vandalism is defined as any malicious attempt to harm or destroy data or equipment on any computer network.
   • It is prohibited to use the District’s computer network resources with the intent of denying others access to the system.

Individuals need to use caution when corresponding or communicating through email, chat rooms, instant messengers or websites.
   • A canceled account will not retain electronic mail.
   • The system administrators reserve the right to terminate access to the District’s computer network resources if this AUP is violated while using electronic mail and real-time chat features, including video conferencing.
   • When we allow students to e-mail mail to be sent through the system, please remember that this account is for work/school purposes, and all mail (and other data) residing on the Network is the property of Oklahoma City Public Schools. PARENT INVOLVEMENT – PURPOSE/GOAL
Parents are important partners in helping children become better students. Each school has a parent involvement policy and parents are invited to participate in the development and evaluation of the policy. OKCPS will use school visits, phone calls, parent conferences, report cards, social media, web sites and emails and other available technology to communicate with parents to foster involvement.

STEPS TO RESOLUTIONS FOR PARENTS

The Oklahoma City Public School District strives to maintain a harmonious relationship between parents, teachers, staff and administration. Occasionally, misunderstandings occur and resolutions need to be made. Often, concerned parties will contact media outlets looking for help resolving the matter; but concerns are best resolved on the level at which they occur. By following these steps situations can usually be resolved in a quick and fair manner. Below is the process parents or guardians should take to resolve a situation:

1. CONTACT THE STAFF MEMBER

The most direct route to resolving a concern is to speak directly with the person involved, whether it is a teacher, a coach, a bus driver, etc. More than 95 percent of concerns are resolved through communication with those involved.

2. CONTACT THE PRINCIPAL

The principal is in charge of each campus and is responsible for the school’s operation. Explanations of policies and procedures, various clarifications and all types of campus information are available in the principal’s office.

3. CONTACT THE APPROPRIATE CENTRAL ADMINISTRATOR

This may be a regional executive director, deputy Superintendent or the Superintendent. This step should be taken only when steps one and two have not resolved the concern.

4. CONTACT THE SUPERINTENDENT

If your concern has not been resolved in Steps 1 through 3, then a call to the Superintendent’s Office is appropriate.

5. CONTACT THE BOARD OF EDUCATION

This is done by requesting a hearing in the Board Clerk’s office. Board members of the Oklahoma City Public Schools are to help resolve conflicts. If a Board member has been involved before the hearing, he/she may not want to participate in meeting.

PARENTS’ RIGHT TO KNOW - TEACHER QUALITY REQUIREMENTS

At the beginning of each school year, parents may request information in writing regarding the professional qualifications of their student’s teacher/s. Specifically, the parent has the right-to-know:

• Teacher qualifications for licensure and certification.
• Teacher’s type of certificate, emergency or provisional.
• Teacher’s baccalaureate and graduate degree majors.
• Whether the student will be provided assistance from paraprofessionals and, if so, the qualifications of the paraprofessional.
• If a student receives instruction from an unqualified teacher for four or more consecutive weeks.

Parents may also request information on the level of achievement of their children in each of the State of Oklahoma academic assessments. If you have questions, please contact the Title I office at (405) 587-0160.

ANNUAL NOTIFICATIONS

FERPA RIGHTS/DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

The Uninterrupted Scholars Act (Public Law 112-278) was enacted on January 14, 2013. The Act amends FERPA to permit educational agencies and institutions to disclose a student’s education records, without parental consent, to a caseworker or other representative of a State or local child welfare agency or tribal organization authorized to access a student’s case plan “when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student.”

FERPA gives parents certain rights with respect to their children’s education records. Education records are defined as all “materials maintained by the school, district, district employee or district agents, which is directly related to a student and maintained by the district or a party acting for the district.” Records include, but are not limited to, documents, tape recordings, and video recordings. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have been transferred are “eligible students.”

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any Parent 38 Student Parent Handbook 2014-2015 from a school’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

• School officials with legitimate educational interest;
• Other schools to which a student is transferring;
• Specified officials for audit or evaluation purposes;
• Appropriate parties in connection with financial aid to a student;
• Organizations conducting certain studies for or on behalf of the school;
• Accrediting organizations;
• To comply with a judicial order or lawfully issued subpoena;
• Appropriate officials in cases of health and safety emergencies; and
• State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, “DIRECTORY” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. OKCPS annually discloses this information in the Student/Parent handbook.

PPRA - PROTECTION OF PUPIL RIGHTS AMENDMENT NOTIFICATION

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. § 1232h; 34 CFR Part 99) applies to programs that receive funding from the U.S. Department of Education (ED). PPRA is intended to protect the rights of parents and students in two ways:

• It seeks to ensure that schools and contractors make instructional materials available for inspection by parents if those materials will be used in connection with an ED funded survey, analysis, or evaluation in which their children participate; and
• It seeks to ensure that schools and contractors obtain written parental consent before minor students are required to participate in any ED-funded survey, analysis, or evaluation that reveals information concerning:
  • Political affiliations;
  • Mental and psychological problems potentially embarrassing to the student and his/her family; Sex behavior and attitudes; illegal, antisocial, self-incriminating and demeaning behavior; Critical appraisals of other individuals with whom respondents have close family relationships; Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers; or Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents or students who believe their rights under PPRA may have been violated may file a complaint with ED by writing the Family Policy Compliance Office. Complaints must contain specific allegations of fact giving reasonable cause to believe that a violation of PPRA occurred. For additional information or technical assistance, you may call (202) 260-3887 (voice). Individuals who use TDD may call the Federal Information Relay Service at 1-800-877-8339. ASBESTOS HAZARD EMERGENCY RESPONSE NOTIFICATION

The Asbestos Hazard Emergency Response Act of 1986 (AHERA) requires the inspection of all school buildings for asbestos. OKCPS has complied with this act. A management plan documenting these inspections is on file for public review. Upon request, you may view the plan which is located in the main office of each school and the OKCPS Service Center. MENINGITIS ANNUAL NOTIFICATION

This annual notification contains important information about meningococcal disease and meningococcal vaccines from the Oklahoma State Department of Education and the Oklahoma State Department of Health. Meningitis is an infection of the tissue lining and fluid that surrounds the spinal cord and the brain. Meningitis is usually caused by a virus or a bacterium. Meningitis caused by a virus is usually less severe and goes away without any special treatment, while meningitis caused by bacteria can be severe and may cause brain damage, hearing loss, amputation of arms or legs, learning disabilities, or death. The disease is spread by respiratory droplets produced by a person harboring the bacteria and expelled a short distance by laughing, singing, coughing, or sneezing. The bacteria may also be spread by direct contact with the respiratory fluids of someone who is infected. That includes kissing or sharing a water bottle, food item, cigarettes, lipstick, lip balm, mouth guard or anything an infected person touches with his or her nose or mouth. Vaccines can prevent approximately two-thirds of the meningococcal disease cases. There are two types of meningococcal vaccine available in the United States (MCV4 and MPSV4) that protect against four of the five most common disease-causing strains of the meningococcal bacteria. A single dose of MCV4 meningococcal vaccine protects about 90 percent of the people who are immunized against meningococcal disease caused by types A, C, Y, and W-135. These types cause almost two-thirds of all meningococcal disease among teenagers in the United States. It does not prevent type B, which causes about one-third of the cases in teenagers.

Further health questions can be answered through the Oklahoma State Department of Health Immunization Service at 405-271-4073, or website at http://imm.health.ok.gov.

### ADULT EDUCATION & GED CLASSES

Research indicates increasing parent participation in schools has a direct correlation on student academic outcomes. The Oklahoma City Adult Learning Center offers a variety of programs to assist adults in obtaining the general and specific education options they need to support their increased success. Daytime and evening adult education classes are held at different locations across the district. Classes are open entry making it easier for adult students to access educational options at their convenience. Contact the Oklahoma City Adult Learning Center at 3500 N. Lindsey or by calling (405) 587-1141, (405) 587-1444, or (405) 587-1445.

### RESIDENCY BY AFFIDAVIT

OKCPS recognizes some students may need special considerations to meet residency requirements, particularly as it pertains to custody or emergency housing situations. Adults in charge of a student’s care may file an affidavit affirming the adult.

- Has assumed legal residence in the school district
- Has assumed permanent custody of the child
- Contributes the major degree of support to the child
- States the reason(s) for assuming custody
- The affidavit is only valid for the current school year
- If the custody arrangement continues, an affidavit is submitted annually to the school
- If the custody arrangement ceases to exist, the affidavit becomes null and void

Affidavits to establish residency are utilized for emergencies or special circumstances. This affidavit may not be used to avoid enrollment in the student’s resident school. If the custody arrangement is falsely established, the affidavit becomes null and void and the student must be withdrawn and enrolled in their resident school. Any person who willfully makes a statement in an affidavit which the person knows to be false shall, upon conviction, be guilty of a misdemeanor punishable by imprisonment for not more than one year or a fine of not more than $500.00 or both such fine and imprisonment. Home inspections may be made by OKCPS Administrators or designee.

### IMMIGRANT STUDENTS

Foreign students or refugees who are newcomers to our country initiate their enrollment process with Language and Cultural Services for transcript translation. ### HOMELESS STUDENTS & STUDENTS WHOSE FAMILIES LIVE WITH RELATIVES OR FRIENDS

In accordance with the federal McKinney-Vento Education Assistance Improvements Act school districts are required to provide services to children and youth experiencing homelessness that are comparable to other students in the district. Homeless youth and children must have access to any educational services for which they qualify, including special education, gifted education, free and reduced lunch programs, before and after school activities, and Title I Part A services. No child or youth shall be discriminated against or segregated.

The McKinney-Vento Homeless Education Assistance Improvements Act defines “homeless children and youth” as individuals who lack a fixed, regular, and adequate nighttime residence and includes children and youth who:
- Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
- Are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
- Are living in emergency or transitional shelters; abandoned in hospitals; or are awaiting foster care placement.
- Have primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.
- Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and migratory children who qualify as homeless because they are living in circumstances described above.

Schools must immediately enroll students in homeless situations, even if they do not have required documents, such as previous school records, medical or immunization records, proof of residency, birth certificate proof of guardianship, or other documents. Students must be enrolled in school while the school in which they are enrolling requests and is waiting for school records from the previous school.

The term “enroll” is defined as attending classes and participating fully in school activities. If a student does not have immunization records or has not received necessary immunizations, the student must be enrolled in the school while records are being obtained or while student begins process of receiving immunizations.

The term “unaccompanied youth” includes youth who are not in the physical custody of a parent or guardian. This includes runaways, youth living in shelters, abandoned buildings, cars, or in other inadequate housing. Schools must also enroll unaccompanied youth who qualify as homeless because they are living in circumstances as described above. School districts are required to keep students in their school of origin, to the extent feasible, unless it is against the parent’s or guardian’s wishes. The school of origin is either the school attended when permanently housed, or the school in which the student was last enrolled. Students are entitled to receive transportation to their school of origin or last school attended. If a student is sent to a school other than the school of origin or school requested by parent or guardian, the school must provide a written explanation of its decision and the right to appeal.

Each school year, every student, regardless of living situation, is to complete an OKCPS Enrollment Questionnaire that discloses where the student is living, identifies students living in transition, and if they qualify for services under the McKinney-Vento Act. Applicants qualifying for services are to be referred to the OKCPS Homeless Liaison at (405) 587-0106. Students may qualify for assistance with child nutrition, transportation, school supplies, hygiene products, socks and undergarments, school uniforms, and coats.
TRANSFER CANCELLATIONS

If the District determines a site or program requested is unavailable or the transfer shall become null and void, and the District will not be obligated to honor the transfer at another District site. A principal may not cancel an approved transfer during the school year; however, the principal may cancel the transfer for the school year if issues arise.

Parents may cancel an approved transfer at any time to return to their resident school by providing written notification to the Principal and Student Services. An emergency transfer previously made may be cancelled, with the concurrence of the board of the receiving district and the parent.

GUIDELINES FOR KEEPING A SICK CHILD HOME FROM SCHOOL

- Take your child’s temperature. Though children may not have a fever and still be sick, a temperature of 100 degrees or over is a sure sign to keep your child home. Giving a fever reducer (Tylenol) and sending your child to school will almost guarantee a call from school when the medicine wears off, as well as exposing other students to whatever your child has.
- If your child vomited or had diarrhea during the previous evening or night, please keep your child home. Consult a doctor if symptoms continue more than a few hours. Take steps to prevent re-infection or re-infection by providing written notification, including the reason for cancellation, to the parent and Student Services by May 1. Application and charter schools may have additional guidelines or deadlines for cancelling student transfers; parents and students in those schools need to be aware of these additional policies. Canceled transfers result in students returning to their resident school.

GUIDELINES FOR KEEPING A SICK CHILD HOME FROM SCHOOL

- Keep your child home if your child has heavy nasal congestion or is sneezing constantly.
- If your child vomited or had diarrhea during the previous evening or night, please keep your child home. Consult a doctor if symptoms continue more than a few hours. Take steps to prevent re-infection or re-infection by providing written notification, including the reason for cancellation, to the parent and Student Services by May 1. Application and charter schools may have additional guidelines or deadlines for cancelling student transfers; parents and students in those schools need to be aware of these additional policies. Canceled transfers result in students returning to their resident school.

HEALTH

OKCPS health program emphasizes health education, disease prevention and the identification of health problems that may impact a student’s ability to learn. Students in selected grade levels are screened for height, weight, vision, hearing, blood pressure, dental, and throat inspection. If further medical attention is indicated, referrals are made to an appropriate healthcare provider.

It is often difficult to tell how sick your child is. If your child stays home, improves, and does not run a temperature (without medication), your child can be taken to school. Be sure that the school has current telephone numbers to reach you at all times in case your child becomes ill or...
injured. School is important, but sick children need to be at home. For further information, please call Health Services at (405) 587-0245.

MEDICATION

For both prescription and over-the-counter medication to be given to students at school, the school must have written directions from a physician and written permission from the parent or guardian. Consult the school nurse for appropriate directions from a physician and written permission from the parent or guardian. Any medication brought to school must be in an unopened, original container.

• Personal items (combs, brushes, caps, etc.) and household surfaces, combs, brushes, head gear, and bed linens must be washed in hot water. Items which cannot be washed must be sealed in plastic bags for 14 days. Carpets, sofas, mattresses must be vacuums (including corner, around seams, etc.). It is not necessary to buy special detergents or pesticides.

It is a good idea to check your child daily for any signs of a lice infestation.

MENINGITIS ANNUAL NOTIFICATION is listed on page 34 of this handbook.

CHICKENPOX

Vaccine required for pre-K through 12th grade. Chickenpox is passed by direct person to person contact or by airborne respiratory secretions. The rash usually occurs 10 to 21 days after exposure. The child may have a mild fever and/or loss of appetite for 1 to 2 days before the rash appears. The rash appears as red pimples and progresses to clear, oval-shaped spots which will break easily for 3 to 4 days. The child can return to school when all of the oval-shaped spots are dry and crusted over.

It is important to NEVER give aspirin or aspirin-containing medication to children with a viral infection because of the increased risk in developing Reye Syndrome. The current recommendation is to receive one series of two varicella immunizations, 3 months apart to prevent them from developing chickenpox.

MENINGITIS ANNUAL NOTIFICATION is listed on page 34 of this handbook.

Further health questions can be answered through the Oklahoma State Department of Health Immunization Service at 271-4073, or website at http://imm.health.ok.gov.

Students cannot be admitted or enrolled in any public school without the appropriate immunizations. The OKCPS Health and Medicaid Services Department monitors and implements the immunization program according to State Law #1210-191 and school district policy.

Please contact your school nurse or Health Services at (405) 587-0245 for any questions regarding your student’s health.

TRANSPORTATION

OKCPS district provides transportation to students who live more than 1-½ miles from their assigned school; attend high school academies other than their assigned school or vocational/technical education classes; or enroll in clustered special education programs where transportation is required. The majority of students who live within the school attendance zone and live greater than 1 mile from the school are eligible for bus transportation. District transportation is not provided for students who elect to attend a school other than their neighborhood school. Transportation for students living within 1 mile of their school of record is the responsibility of the students’ parents. All student transportation will be consistent with state statutes and the Board of Education regulations.

School bus transportation is a privilege provided by the school district, it is not a right of students or required by law. The driver is in charge of students while they are aboard the bus. In order to maintain the privilege of riding the bus, students will follow these rules:

- Respect the driver and follow directions at all times.
- Remain seated while the bus is moving and keep all body parts inside of the bus.
- Use inside voice and keep objects to yourself so as not to distract the driver
- Keep the bus clean and the aisles clear of books, band instruments, or other objects.
- Do not eat or drink on the bus.
- Move to the rear of the bus when loading.
- Avoid tampering with bus equipment.

Students will also follow all district and school rules including:

- No e-cigarettes, smoking or use of smokeless tobacco (snuff or chewing).
- No alcohol or other illegal substances on the bus.
- Do not board the bus if under the influence of alcohol or controlled substances.
- Guns, weapons, or weapon replicas are prohibited State Law.

Violations of bus rules may result in the loss of riding privileges or other disciplinary measures. The bus drivers report violations of bus rules to the school principal. The driver has the authority to forbid students, who have been removed by the principal, from riding the bus until permission to ride again is given by the principal. Infant and child seats are not provided by the District’s Transportation office. All infant/child seats must meet Department of Transportation standards. All wheelchairs must be equipped with lap and shoulder restraints.

SCHOOL SOCIAL WORKERS
Linking Home, School, and Community
School Social Workers are hired by the OKCPS Special Services Department to serve students on Individualized Education Plans (IEPs). District social workers are trained mental health professionals with a master’s degree in social work who provide services related to the promotion and support of students’ academic and social successes. District social workers are the linkage between the school, home, and community. They work with students, family members, OKCPS staff/teachers, mental health professionals, other professionals, and our community.

District social workers are dedicated to improving school systems and alleviating the systemic barriers to learning and graduation. Much of social work is done behind the scenes. The social workers get to know the students and their situation from a holistic view and they begin to determine next steps. Because of their mental health background, they are comfortable in de-escalation and crisis intervention. They offer individual support to students and provide services to groups as well. Many times you will find them in IEP meetings advocating for students. They can help mediate and facilitate the IEP team coming together in the best interests of the student with a peaceful approach.

STUDENT RECORDS

FINANCIAL OBLIGATIONS
State law and Oklahoma accreditation standards provide that a local school board may withhold a student’s transcript or other records relating to the school for failure to return a textbook(s) or make payment for the textbook (70 O.S. §16-121). However, nothing shall prevent a child from receiving a grade for completion of a course of study, from graduating, or from obtaining information supplied to the school or otherwise owned by the child. The district is required to provide other schools with student records within three (3) business days regardless of whether fees or fines have been paid. 70 O.S. §24-101.4.

Parents are also obligated to pay for uniforms and equipment or damage to school property. The parent, or the student who is 18 years of age or older, must be given transcripts or other records upon request as stated in the Family Educational Rights and Privacy Act (FERPA).

Student’s cumulative folders are kept at the last school site the student attends in OKCPS. Copies of student information may be submitted to charter schools or to schools outside of OKCPS upon request.
