Dear Classen SAS Family,

It is with a great deal of honor and excitement that I introduce myself to you as the new principal of Classen School of Advanced Studies. I have served in Oklahoma City Public Schools for 24 years and have had the privilege to contribute to the growth of Classen SAS as a science teacher, IB Coordinator and Dean of Academics. I look forward to combining this experience with an incredible passion and love for the unique programs and people of Classen to develop new opportunities for our students to achieve high levels of excellence.

I will work hard to continue the legacy of success at Classen by building strong relationships with parents, students and community partners. I will also promote the development of an engaging and rigorous curriculum that equips students with the skills to be successful beyond their secondary education.

You will be receiving communication about Camp Comet, schedule pickup, and other important news in the coming weeks. I look forward to meeting each and every one of you and appreciate your support to make the 2018-2019 school year the best ever!

With Pride,
