

HAZING REGULATION

The Oklahoma City Board of Education will not recognize or sanction secret societies formed wholly or in part from the membership of students attending school in the district. Therefore, it is the policy of this school district that no student or employee of the district shall participate in or be members of any secret fraternity or sorority or secret organization that is in any degree related to the school or to a school activity. As the board does not approve of hazing in any manner or form, while a student is under the supervision of school authorities, no student organization or any person associated with any organization sanctioned or authorized by the board of education shall engage or participate in hazing.

For the purposes of this policy, hazing is defined as an activity that recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization sanctioned or authorized by the board of education.

“Endanger the physical health” shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled dangerous substance; or other forced physical activity which could adversely affect the physical health or safety of the individual.

“Endanger the mental health” shall include any activity, except those activities authorized by law, which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by the board of education is conditioned, directly or indirectly, shall be presumed to be a forced activity, even if the student willingly participates in such activity.

This policy is not intended to deprive school district authorities from taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action that may include expulsion for students and employment termination for employees.

A copy of this policy will be furnished to each student and teacher in this school district.
